

## Don't forget your display for the Chapter Gallery!

The Chapter Gallery at this year's conference will be even bigger than last year. This is your opportunity to show off your site, what it has to offer and to let others know what your chapter has been up to.

**Last year, we completely filled the gallery. This year we're making even more space for your displays.**

We will provide tables for your display and the gallery will be locked each evening after our nightly reception. Tables are standard 6ft folding tables. Your display can be as formal or informal as you like. Please let us know if you need electricity for your display so we can reserve your spot.

**Please, include you most current Ten for 2010 list somewhere on your display so we can share these with everyone!**
